about
SAMBAZON

HISTORY

As surfers growing up in Southern California, we were raised to believe that caring for our own health and happiness is just as important as caring for that of our community and our planet. So, when we ventured to Brazil, we were in search of waves, but ended up falling in love with its positive energy. From that first bowl full of the Amazon superfood açai, we realized these fruits were very special.

SOCIAL RESPONSIBILITY

We started Sambazon based on a philosophy called the Triple Bottom Line, which measures success economically, socially and environmentally. When a Triple Bottom Line business makes a profit, it's a positive experience for everything and everyone involved, from the Brazilian Amazon Rainforest which provides amazing fruits and botanicals, to the farmers who work the land and earn a healthy living, to our employees who translate this Amazon magic into next level products; and finally, to our customers who ultimately use these delicious powers to help further their own health and wellness missions. We feel that this is an awesome model of how businesses should operate.

PURE | ORGANIC | NATURAL | PERFECTION
KOPALI CHOCOLATES

Perfectly balanced dark chocolate over crunchy, premium, roasted whole espresso coffee beans, for intense coffee flavor and a shot of energy. (But not too much - a full bag is equal to about 1.5 cups of coffee.)

Perfectly balanced dark chocolate over soft, chewy, sweet banana which serves almost as a "caramel" center.

Created purely from 100% real organic fruit, with absolutely nothing added.

Perfectly balanced dark chocolate over crunchy bits of 100% cacao, the bean that chocolate is made from, with all its antioxidant properties.

Just a few small pieces and calories satisfy your craving... Chocolate covered chocolate!

Love to love your chocolate... Sweet goodness in every bite!

Luscious dark chocolates, crafted entirely at the point-of-origin, blended rich, sweet and deep in flavor.
